### VICTOR GRAPHICS IMPLEMENTS KODAK INSITE

Victor Graphics recently implemented Kodak's InSite as an integral part of Victor's unified pre-press workflow solution. InSite streamlines the process of file submission, job-status tracking, online collaboration, and remote proofing and approval resulting in minimalized cycle times and reduces costs. With any web-enabled computer, both Victor Graphics and our customers can manage and track job activity, proof jobs online, collaborate with creative and prepress staff, make changes, and approve work from any location, any time.
